// PROFILE

Frontend developer with 6 years of experience in building dynamic and responsive websites, primarily using JavaScript. My expertise spans from WordPress theme development, including design integration and front-end animation, to creating seamless user interfaces. While I am currently intensifying my focus on React through dedicated learning, my passion for continuous improvement drives me to stay at the forefront of modern front-end technologies. I am eager to join a forward-thinking team where I can contribute my skills and continue expanding my knowledge in a collaborative and innovative environment.

// WORK EXPERIENCE

MAR 2021 -
AUG 2024

CREATIVE DEVELOPER

Qode Themes

Focused on enhancing user experiences by implementing interactive JavaScript-based animations and dynamic elements within WordPress themes. My role involved ensuring that websites were not only visually appealing but also engaging. This work solidified my expertise in JavaScript and UI/UX design, making static designs come alive with creative touches.

SEP 2018 -
FEB 2021

WEB DEVELOPER

Qode Themes

Developed custom WordPress themes by converting PSD/XD designs into functional websites. Utilized HTML, CSS, and PHP to create shortcodes and theme options, ensuring responsive and user-friendly designs. This experience strengthened my skills in front-end development and theme customization, contributing to numerous successful projects.

MAR 2018 -
AUG 2018

SUPPORT CONSULTANT

Qode Themes

Provided customer support for premium WordPress themes, resolving technical issues and answering user queries. I gained valuable insights into user experience and theme functionality, which later influenced my development work. This role honed my communication skills and deepened my understanding of WordPress as a platform.

// EDUCATION
